Con il contributo non condizionato di

ROBOTIC AND LAPAROSCOPIC MINIMALLY INVASIVE UROLOGICAL SURGERY *Year 4*

ECM

Il corso ha ottenuto
l'accreditamento
ECM per la figura
professionale
dell'Urologo.

29-30
JUNE 2017

BRESCIA
SPEDALI CIVILI
DI BRESCIA

Rationale

To give an insight in some of the most common major urological procedures and find out the specific advantages provided by the robotic and laparoscopic techniques.

Surgery will be performed live by a “young” surgeon with the critical comment by an expert to challenge every step and promote the debate from the audience.

Speakers / Surgeons

Alessandro Antonelli
Alfredo Berruti
Giuseppe Carrieri
Andrea Minervini

Paolo Parma
Angelo Peroni
Claudio Simeone

Programme

Day 1 - Thursday

- 13.00** Introduction to the course
C. Simeone
- 14.00** How to get off a good start today with laparoscopy
